CALL FOR EXHIBITORS

PURPOSE

The National Flood Workshop is organized by Weather Research Center (a private, non-profit educational and research center based in Houston, Texas) and its partners. The purpose of this workshop is to bring together various agencies, emergency managers, academia, and professionals from across the nation to encourage dialogue on the various aspects of flooding. This includes the meteorological and hydrological conditions before, during, and after flood events, technological advancements being made in remote data acquisition, flood modeling, and regulations and requirements in flood mitigation and floodplain management. The goal is to establish an annual national workshop to discuss flooding topics, provide education and training, and most importantly to help reduce loss of life and property damage from floods.

BOOTH FEES

10' x 10' exhibit booth will include one conference registration, booth sign, table and two chairs. 10' x 20' exhibit booth will include two conference registrations, booth sign, two tables and four chairs. Any additional booth staff will have to pay full conference registration fees. Separate arrangements for electricity and internet must be made. Set up will be on Sunday, October 24, 2010 from 12 p.m. to 4 p.m. Exhibits will open on Sunday, October 24, 2010 from 5:30 p.m. to 8:00 p.m. during Conference Ice Breaker. Break down of exhibits will be on Tuesday, October 26, 2010 from 12 p.m. to 4 p.m.
